

# BROOKLYN NAVY YARD

## Development Highlights: What's Next at the Yard

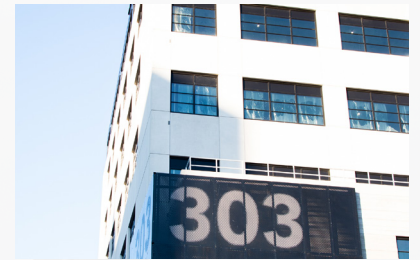

### BUILDING 127

The renovation of this historic 94,000 square foot, three-story building continues, including the restoration of 130 historic windows. The building is scheduled to be ready for manufacturing and office tenants in mid-2020.

### BUILDING 212

Located above Wegman's supermarket near the Yard's Sands Street gate, this building has 96,000 square feet of light industrial and 34,000 square feet of office space, all move-in ready.

### BUILDING 303

The construction of 160,000 square feet of industrial and 50,000 square feet of office space above a parking structure is projected for completion in mid-2020. All five floors feature views of Manhattan and Brooklyn.
