C. BNYDC BACKGROUND

BNYDC is a not-for-profit corporation that serves as the developer and property manager of the Yard on behalf of its owner, the City of New York (the “City”). The 300-acre industrial park on the Brooklyn waterfront is home to over 550 businesses employing more than 13,000 people and generates over \$2 billion per year in economic activity for New York City. BNYDC’s mission is to fuel New York City’s economic vitality by creating and preserving quality jobs, growing the City’s modern industrial sector and its businesses, and connecting the local community with the economic opportunity and resources of the Yard. Further information can be found at the following link: <https://www.brooklynnavyyard.org/>.

D. WORK BACKGROUND INFORMATION AND CONTEXT

With a legacy dating back to the early 1800s, the Brooklyn Navy Yard’s hub for urban manufacturing and innovation has played a pivotal role in shaping the American economy, from its origins as a naval shipyard to its transformation into a dynamic industrial park.

BNYDC supports New York City’s economy by driving direct and indirect job creation and earnings among its 550+ businesses spanning 17 industry sectors, while developing and managing its campus assets. The Yard also generates broader economic value through direct, indirect, and induced jobs and earnings at the local, regional, national, and global levels.

Yard businesses provide entrepreneurship pathways and employment for New Yorkers, while also encouraging research, development, and commercialization of new hardware-based technologies to address key challenges such as onshoring advanced manufacturing supply chains, climate change, and modern medical technologies. The Yard also provides New York City with economic stimulus through developing and managing BNYDC campus assets, including significant real estate development opportunities, revenue-generating short-term rentals and experiential activations, and employment and material resourcing related to property management and design and construction projects.

The Brooklyn Navy Yard is interested in updating and further developing its economic activity metrics to internally benchmark and externally communicate its impact to stakeholders (including investors and other partners) as the Yard ecosystem continues to scale.

Defined Industry Sectors that BNYDC uses to organize its data include Apparel & Accessory; Architecture & Design; Beauty & Personal Care; Biotech, Lab, & Medtech; Contracting & Construction; Creative Office & Media; Education & Nonprofit; Power & Energy; Fabrication & Custom Installation (Wood & Metal); Fine Arts & Photography; Food & Beverage; Furniture & Home Goods; Hardware, Software, & Design Engineering; Health Care; Printing & Engraving; Transportation. Consultant is authorized to do business in the City.

b) The authorization, execution and delivery of this Agreement, and compliance with the provisions hereof, do not and will not conflict with or constitute a violation of or default under any statute, indenture, mortgage, deed of trust or other agreement or instrument to which Consultant is bound, or, to the knowledge of Consultant, any order, rule or regulation of any court or governmental agency or body having jurisdiction over Consultant or any of its activities or properties.

c) Consultant has not been asked to pay, and has neither offered to pay, nor paid, any illegal consideration, whether monetary or otherwise, in connection with the procurement of this Agreement.

The foregoing indemnification shall survive the termination and/or expiration of this Agreement.

11. Non-Waiver. 17. Suspension or Termination of Agreement

(a) Suspension or Termination Due to Interest of BNYDC

BNYDC shall have the right to postpone, delay, suspend or terminate the Services immediately or upon a specified date upon written notice to Consultant and for any reason deemed by BNYDC to be in its interest. Any such postponement, delay, suspension or termination shall not give rise to any cause of action for damages against BNYDC. Consultant shall pay to BNYDC the excess, if any, of such expenses plus payments made to Consultant over the full amount due under this Agreement.

(c) No Release.

Termination of this Agreement, whether by expiration of its term or otherwise, shall not release Consultant from any liability to BNYDC.

EXHIBIT H
PAID SICK LEAVE LAW

(Note: For purposes of this rider, the “Contractor” means Consultant.)

Introduction and General Provisions

The Earned Sick Time Act, also known as the Paid Sick Leave Law (“PSLL”), requires covered employees who annually perform more than 80 hours of work in New York City to be provided with paid sick time.¹ Contractors of the City of New York or of other governmental entities may be required to provide sick time pursuant to the PSLL.

¹ Pursuant to the PSLL, if fewer than five employees work for the same employer, as determined pursuant to New York City Administrative Code §20-912(g), such employer has the option of providing such employees uncompensated sick time.

The PSLL became effective on April 1, 2014, and is codified at Title 20, Chapter 8, of the New York City Administrative Code. It is administered by the City’s Department of Consumer Affairs (“DCA”); DCA’s rules promulgated under the PSLL are codified at Chapter 7 of Title 6 of the Rules of the City of New York (“Rules”).

Contractor agrees to comply in all respects with the PSLL and the Rules, and as amended, if applicable, in the performance of this agreement. Contractor further acknowledges that such compliance is a material term of this agreement and that failure to comply with the PSLL in performance of this agreement may result in its termination.

Contractor must notify the Agency Chief Contracting Officer of the City agency or other entity with whom it is contracting in writing within ten (10) days of receipt of a complaint (whether oral or written) regarding the PSLL involving the performance of this agreement. Additionally, Contractor must cooperate with DCA’s education efforts and must comply with DCA’s subpoenas and other document demands as set forth in the PSLL and Rules.

The PSLL is summarized below for the convenience of Contractor. Contractor is advised to review the PSLL and Rules in their entirety. On the website www.nyc.gov/PaidSickLeave there are links to the PSLL and the associated Rules as well as additional resources for employers, such as Frequently Asked Questions, timekeeping tools and model forms, and an event calendar of upcoming presentations and webinars at which Contractor can get more information about how to comply with the PSLL. Contractor acknowledges that it is responsible for compliance with the PSLL notwithstanding any inconsistent language contained herein.

Pursuant to the PSLL and the Rules:

Applicability, Accrual, and Use

An employee who works within the City of New York for more than eighty hours in any consecutive 12-month period designated by the employer as its “calendar year” pursuant to the PSLL (“Year”) must be

provided sick time. Employers must provide a minimum of one hour of sick time for every 30 hours worked by an employee and compensation for such sick time must be provided at the greater of the employee's regular hourly rate or the minimum wage. Employers are not required to provide more than forty hours of sick time to an employee in any Year.

An employee has the right to determine how much sick time he or she will use, provided that employers may set a reasonable minimum increment for the use of sick time not to exceed four hours per day. In addition, an employee may carry over up to forty hours of unused sick time to the following Year, provided that no employer is required to allow the use of more than forty hours of sick time in a Year or carry over unused paid sick time if the employee is paid for such unused sick time and the employer provides the employee with at least the legally required amount of paid sick time for such employee for the immediately subsequent Year on the first day of such Year.

An employee entitled to sick time pursuant to the PSSL may use sick time for any of the following:

- such employee's mental illness, physical illness, injury, or health condition or the care of such illness, injury, or condition or such employee's need for medical diagnosis or preventive medical care;
- such employee's care of a family member (an employee's child, spouse, domestic partner, parent, sibling, grandchild or grandparent, or the child or parent of an employee's spouse or domestic partner) who has a mental illness, physical illness, injury or health condition or who has a need for medical diagnosis or preventive medical care;
- closure of such employee's place of business by order of a public official due to a public health emergency; or
- such employee's need to care for a child whose school or childcare provider has been closed due to a public health emergency.

An employer must not require an employee, as a condition of taking sick time, to search for a replacement. However, an employer may require an employee to provide: reasonable notice of the need to use sick time; reasonable documentation that the use of sick time was needed for a reason above if for an absence of more than three consecutive work days; and/or written confirmation that an employee used sick time pursuant to the PSSL. However, an employer may not require documentation specifying the nature of a medical condition or otherwise require disclosure of the details of a medical condition as a condition of providing sick time and health information obtained solely due to an employee's use of sick time pursuant to the PSSL must be treated by the employer as confidential.

If an employer chooses to impose any permissible discretionary requirement as a condition of using sick time, it must provide to all employees a written policy containing those requirements, using a delivery method that reasonably ensures that employees receive the policy. If such employer has not provided its written policy, it may not deny sick time to an employee because of non-compliance with such a policy.

Sick time to which an employee is entitled must be paid no later than the payday for the next regular payroll period beginning after the sick time was used.

Exemptions and Exceptions

Notwithstanding the above, the PSLL does not apply to any of the following:

- an independent contractor who does not meet the definition of employee under section 190(2) of the New York State Labor Law;
- an employee covered by a valid collective bargaining agreement in effect on April 1, 2014 until the termination of such agreement;
- an employee in the construction or grocery industry covered by a valid collective bargaining agreement if the provisions of the PSLL are expressly waived in such collective bargaining agreement;
- an employee covered by another valid collective bargaining agreement if such provisions are expressly waived in such agreement and such agreement provides a benefit comparable to that provided by the PSLL for such employee;
- an audiologist, occupational therapist, physical therapist, or speech language pathologist who is licensed by the New York State Department of Education and who calls in for work assignments at will, determines his or her own schedule, has the ability to reject or accept any assignment referred to him or her, and is paid an average hourly wage that is at least four times the federal minimum wage;
- an employee in a work study program under Section 2753 of Chapter 42 of the United States Code;
- an employee whose work is compensated by a qualified scholarship program as that term is defined in the Internal Revenue Code, Section 117 of Chapter 20 of the United States Code; or
- a participant in a Work Experience Program (WEP) under section 336-c of the New York State Social Services Law.

Retaliation Prohibited

An employer may not threaten or engage in retaliation against an employee for exercising or attempting in good faith to exercise any right provided by the PSLL. In addition, an employer may not interfere with any investigation, proceeding, or hearing pursuant to the PSLL.

Notice of Rights

An employer must provide its employees with written notice of their rights pursuant to the PSLL. Such notice must be in English and the primary language spoken by an employee, provided that DCA has made available a translation into such language. Downloadable notices are available on DCA's website at <http://www.nyc.gov/html/dca/html/law/PaidSickLeave.shtml>.

Any person or entity that willfully violates these notice requirements is subject to a civil penalty in an amount not to exceed fifty dollars for each employee who was not given appropriate notice.

Records

An employer must retain records documenting its compliance with the PSSL for a period of at least three years, and must allow DCA to access such records in furtherance of an investigation related to an alleged violation of the PSSL.

Enforcement and Penalties

Upon receiving a complaint alleging a violation of the PSSL, DCA has the right to investigate such complaint and attempt to resolve it through mediation. Within 30 days of written notification of a complaint by DCA, or sooner in certain circumstances, the employer must provide DCA with a written response and such other information as DCA may request. If DCA believes that a violation of the PSSL has occurred, it has the right to issue a notice of violation to the employer.

DCA has the power to grant an employee or former employee all appropriate relief as set forth in New York City Administrative Code 20-924(d). Such relief may include, among other remedies, treble damages for the wages that should have been paid, damages for unlawful retaliation, and damages and reinstatement for unlawful discharge. In addition, DCA may impose on an employer found to have violated the PSSL civil penalties not to exceed \$500 for a first violation, \$750 for a second violation within two years of the first violation, and \$1,000 for each succeeding violation within two years of the previous violation.

More Generous Policies and Other Legal Requirements

Nothing in the PSSL is intended to discourage, prohibit, diminish, or impair the adoption or retention of a more generous sick time policy, or the obligation of an employer to comply with any contract, collective bargaining agreement, employment benefit plan or other agreement providing more generous sick time. The PSSL provides minimum requirements pertaining to sick time and does not preempt, limit or otherwise affect the applicability of any other law, regulation, rule, requirement, policy or standard that provides for greater accrual or use by employees of sick leave or time, whether paid or unpaid, or that extends other protections to employees. The PSSL may not be construed as creating or imposing any requirement in conflict with any federal or state law, rule or regulation.

RESPONSES TO BIDDER QUESTIONS

Question 1) Could you share whether there is an estimated or target budget range for this engagement beyond the \$50,000 proposal cap noted in the RFP?

As described in Addendum No. 1, Revision 2, the budget for the project has been increased from \$50,000 to \$75,000.

Question 2) The RFP specifies a six-week project timeline and wanted to ask whether there is any flexibility to extend this schedule.

As described in Addendum No. 1, Revision 3, the time frame for the project has been increased from 6 weeks to 13 weeks.

Question 3) Does BNYDC have a preference for New York-based firms?

No.

Question 4) Can you upload the fee proposal exhibit and confirmation of PASSPort Compliance exhibits, if applicable? Could you please clarify what you are seeking in item #6 on page 5, stating "Account profiles of similar agreements, current or previous, including device quantities and types"?

The Economic Impact Study proposal does not require a Fee Proposal exhibit, Confirmation of PASSPort Compliance, or Account Profiles. Please disregard.

Question 5) Can prior work samples referenced in item 1 of section F be inserted as hyperlinks, or should the entire sample deliverable be inserted into a firm's submission?

Would BNY accept full sample reports to supplement the project summary sheets in the Samples section?

Prior work samples should be summarized in the proposal. Hyperlinks to full reports will be accepted as available.

Question 6) In reference to the 2013 Economic Impact Study on page 3, can you confirm that the deliverables do not require the same level of narrative background on the Navy Yard? Are you looking for this study to have comparable methodology to the 2013 report?

The 2013 Economic Impact Study should be used for general reference only. The current Economic Impact Study should follow the deliverables and guidelines as specified in the RFP.

Question 7) How many of the 550 businesses completed all or some of the 2024 survey? How many reported key metrics like NAICS industry with jobs or revenue/sales?

Approximately 50% of our active business community responded to the FY24 survey. 100% of respondents reported estimated gross revenue according to ranges provided; samples include Less than \$100K, \$5M-10M, \$10M+. Job growth is tracked closely, with data that includes and exceeds survey respondent data.

Question 8) Does BNYDC have data governance or technology preferences, particularly regarding the use of external platforms for processing Brooklyn Navy Yard's internal data. Are there any guidelines or restrictions we should be aware of? Does any of this data need to be kept confidential? Does BNYDC have a preferred economic modeling framework or tool (e.g. REMI or IMPLAN)?

Data governance preferences will be shared with the consultant upon commencement of the engagement. Economic Modeling Frameworks and platform recommendations are required as part of E. Scope of Work, Phase 1. The consultant will provide recommendations for methodology once a complete assessment of available data and deliverables scope is complete.

Question 9) For the Phase 2 item of "National and Global Annual Economic Impact metrics" what are the expectations for the outputs provided by contractor in the deliverable? In terms of the global annual economic impact, are there specific countries you intend the impact to be measured over? For the "Global Annual Economic Impact," is BNYDC looking for a qualitative assessment of supply chain influence or a quantitative GDP-contribution model for international markets? Who is the audience and what is the goal of understanding the national and global impacts?

A Metrics Recommendation Memo is required as part of E. Scope of Work, Phase 1. The consultant will provide recommendations for metric deliverables and methodology once a complete assessment of available data is complete.

Question 10) What geographies should be included in the local economic impact analysis? Is there a desire for statewide or regional impacts? How should impacts be reported across geographies? Does BNYDC have an existing definition of the New York metro region, or is it up to the consultant to recommend the boundaries? Are local impacts expected to be reported for Brooklyn or for NYC as a whole?

While Brooklyn Navy Yard activity does scale nationally, globally, and regionally, the priority would be on local impacts. Consultant recommendations for metric deliverables, which may include recommendations for the New York metro region, would be included in Phase 1, Metric Recommendations Deliverables.

Question 11) Given the available budget, what are your priorities with respect to analysis of local, regional, national, and global impacts? Would a proposal focusing only on local and regional impacts be acceptable? Who is the audience and what is the ultimate goal of understanding the national and global impacts?

The audience is detailed on page 2 of the RFP, noting internal benchmarking and external communication to stakeholders including investors and other partners in a scaling ecosystem context. While Brooklyn Navy Yard activity does scale nationally, globally, and regionally, the priority would be on local impacts. Consultant recommendations for metric deliverables would be included in Phase 1, Metric Recommendations Deliverables.

Question 12) Is the Brooklyn Navy Yard Development Corporation seeking a Respondent-branded deliverable report? What format is the presentation of findings supposed to be? What is the desired length of the “concise Narrative Summary”?

Formatting for Executive Summary, Narrative Summary, and Recommendations should be concise, approximately 1-2 pages per section. Appendix should be a longer document that is detailed enough to trace and map any methodology used. The consultant should package these items into one branded report, if desired. A final internal short presentation to discuss findings with senior staff may use presentation tools such as PowerPoint as needed.

Question 13) Will the deliverable report be made publicly available on Brooklyn Navy Yard Development Corporation’s website or another publicly accessible location?

The Executive Summary and Narrative Summary deliverables should be designed for public accessibility. Additional public access requirements can be discussed as part of Phase 1 of the project.

Question 14) Is BNY looking to take on any new challenges or initiatives that may be informed by the results of this study?

BNYDC anticipates that findings from the Economic Impact Study will inform the Brooklyn Navy Yard's data-driven strategy and initiatives.
